Cool Design

Design sets the scene at Iglu. Whether it be the locations we select, our award winning* architecture, the beautifully scaled and detailed communal spaces or the smart, neatly planned private accommodation rooms, we are committed to delivering the absolute best location by design.

Warm Hospitality

Cool design is nothing without people to bring it to life and Iglu is really about people. We support our residents and help them develop and grow as individuals while living in a positive and welcoming environment. The lifestyle, safety and wellbeing of our residents is core to everything we do.

Purpose-built for cool student living, Iglu provides the supportive framework of student accommodation alongside the independence of an off-campus lifestyle.

The combination of cool designer living spaces and first-class facilities offers students endless opportunities to connect and expand socially and academically – all within a safe and secure environment.

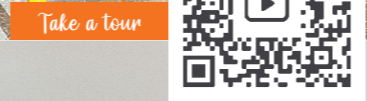

We are pleased to partner with Trinity College Foundation to provide its Under 18 International Students (U18s) with a fully supported living experience while they are completing their studies in Melbourne.

Iglu is built for students

At Iglu, we don't just build buildings, we build communities. We support our residents and help them develop and grow as individuals while living in a positive and welcoming environment.

We know that student living is about more than lectures and tutorials, and that education doesn't just happen inside a classroom. We appreciate that a balanced approach is key to succeeding in all aspects of life.

Joining the Iglu family is more than just moving in. As well as providing an extensive itinerary of events and activities across the year, our Iglu team will be there for you at every step of your Under 18 student living experience. We understand the need for space to come together as well as be apart. Iglu is about creating connections and providing continued support – whenever that is required.

Our residents thrive on exposure to different cultures, beliefs and backgrounds and our community program is designed to facilitate a harmonious and inclusive environment for all residents.
